

CORELUNDER

bulletin

SEPTEMBER 2013

Publication of Corel Down Under Inc.

Corel Down Under Inc. Mail address: PO Box 627 Heathmont Victoria 3134 The CDU phone: 9876 9161

What does Premium Membership offer you in Corel Draw X6?

Quite a bit actually. If you have installed the latest update (Number 4) onto your Corel Draw X6, you will notice a lot of new drop down menus. Many of these have a colour band in them. If you try to use them you get a message telling you that if you wish to use this feature, you must first upgrade to Premium.

If you pay for this service all the premium features are available to you within minutes. Some of them are really quite nice. Under the 'Camera' drop down you will find 3 new features, Colorize, Sepia Toning and Time Machine.

The CDU Committee meets 1st Tuesday of each month.
7pm until 9.30pm - 8 Pamela Place, Ringwood North, 3135

Next CDU Meeting will be held on third Tuesday in month - 15th October 2013

Font Playground is another new feature for premium users. You will find this under the 'text' drop-down menu. A dialogue box opens up, (as below), and allows you to put in numerous fonts. The idea is to be able to compare different fonts. You are able to change the size and the layout within this dialogue box, so it is very useful for trying to pick that perfect font for your latest project!

The new Insert QRcode is useful if you want to produce a quick QR code to direct people to a web site. Something to consider for all you designers producing brochures for clients.

It can also produce QR codes containing other information as shown here. The small QR code below contains a phone number, which I assume if it is scanned by a QR reader on your phone, will either flash up the number or maybe on some of the smart phones around today, ring the number. Maybe some of you could try it?
