MAY 2014

Publication of Corel Down Under Inc.

Corel Down Under Inc. Mail address: PO Box 627 Heathmont Victoria 3134 The CDU phone: 9876 9161

Welcome to the launch of Corel

Draw X7 Corel Down Under are proud to bring you the only Australian launch for Corel Draw X7.

If you are here at this launch tonight it is because you either have Corel software or you are interested in what it can do for you.

I'm sure you know a lot about Corel Corporation and at least some of the software they sell. But who is Corel Down Under?

The Corel Down Under Inc user group is an independent, non-profit resource and support organisation for Corel software users based in Melbourne, Australia. Our members comprise people from almost all walks of life with diverse backgrounds, diverse interests and careers and a wide range of computing experience, from novice to expert in a wide range of fields.

The AIMS of the CDU group are to provide a friendly forum where members can share their Corel software experiences and techniques with others, to receive support and help with Corel-related issues, and to generally enjoy the company and friendship of others with similar software interests.

We conduct meetings 10 times per year and anyone is welcome to attend. A small fee is charged to non-members for meetings. We have interesting presentations on a wide range of topics, and Door and Raffle prizes for attendees.

We also produce a bi-monthly magazine and an alternate bi-monthly bulletin. These publications contain Corel news, Tutorials, Reviews, Hints and Tips and other information which is useful to most members.

Visit us at www.coreldownunder.org.au

Please note that we are not Corel Corporation.

For Corel Customer Service and Technical Support (Australia) please phone (+61) 02 8518 1296 (Mon-Fri, 10AM - 7PM). As a point of reference the latest Corel contact phone numbers are displayed on the top right of the www.corel.com.au and also in the support tab information.

The CDU Committee meets 1st Tuesday of each month.
7pm until 9.30pm - 8 Pamela Place, Ringwood North, 3135

Next CDU Meeting will be held on third
Tuesday in month - 17th June 2014

Fine lines

Dmitri Demidenko has loved to draw since he was small. In fact, he loves line art so much that he goes by the name LINEKING. For the past eight years, LINEKING has been creating breathtaking vector illustrations using CorelDRAW Graphics Suite. He says CorelDRAW helps him get his ideas on screen faster and gives him the most control over his images. With new customizable workspaces and innovative new tools for fills, patterns and transparencies, CorelDRAW Graphics Suite X7 has all the tools LINEKING needs to create art with serious impact. "CorelDRAW has some secret power that I can't really describe—you have to try it to feel it!"

Artwork created by
LINEKING, Russia.
Created using CorelDRAW®.
